

Rolando 'Ron' Ramirez, P.E.
Principal

➤ **Education:**

Bachelor of Science Civil Engineering; University of Texas at San Antonio, 1993

➤ **License:**

Professional Engineer - Texas #87870

➤ **Experience:**

Mr. Ramirez has 17 years of civil engineering experience. He was a Principal / Vice President with M.W. Cude Engineers where he was employed for 13 years. Prior to this, Mr. Ramirez was employed as a project engineer with GGC Engineers for three years. Mr. Ramirez has provided engineering services for numerous school districts, commercial and residential land developers, and various miscellaneous industrial clients. For the past 13 years, Mr. Ramirez has concentrated the majority of his time as an engineer contributing to the development/construction of public schools for various school districts in and around San Antonio, primarily Northside Independent School District. He excels in all aspects of School/Governmental work, including but not limited to drainage, stormwater detention, grading, utilities, platting, feasibility, etc... Mr. Ramirez has overseen the civil design and construction of over 150 school related projects, 29 of which have been brand new schools and school district facilities. His commercial experience includes the design of retail centers, assisted living facilities, medical office buildings and restaurant development.
